

Sysmex at EuroMedLab 2025

Visit us at
Booth 87,
Hall 11

Join us for product demonstrations and insights!

Sysmex Europe SE invites you to explore our latest innovations in laboratory diagnostics at EuroMedLab 2025. Visit our booth, experience live product demonstrations, and connect with us in our dedicated lounge area.

19-21 May 2025

Sysmex booth no 87

We will be leading two educational workshops:

Educational workshops #1

Power up your haemostasis lab: Your path to better haemostasis care

Monday 19 May 2025

14:30 – 15:30

Topics presented will include:

- Understand the clinical relevance of platelet function disorders
- Compare anti-Xa assays and diagnostic approaches
- Discover innovations in haemostasis testing

Dr Andreas
R. Rechner

Priv. Doz. Dr
Florian Prüller

Danielle
White

Thomas
Pitchford, PhD

Educational workshops #11

Layers of success: New perspectives on laboratory automation

Tuesday 20 May 2025

14:30 – 15:30

Topics presented will include:

- Explore how tailored automation enhances laboratory workflows
- Gain insights from real-world applications
- Learn how Sysmex is shaping the future of clinical diagnostics
